

THE WESTIN

BUCKHEAD
ATLANTA

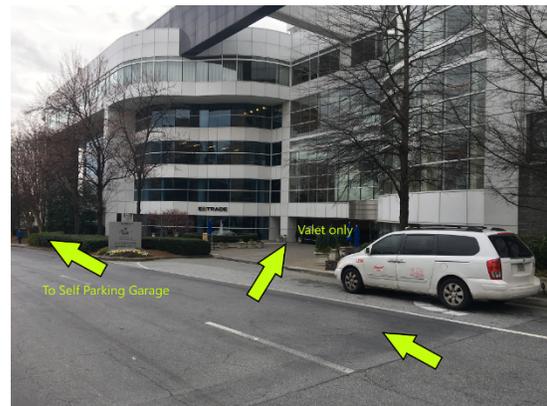

Directions to Valet Parking and Self-Parking

Address of hotel: 3391 Peachtree Road, Atlanta, GA 30326

Guests will want to make their way to the hotel and/or the intersection of Peachtree Road and Lenox Parkway (some navigation systems call Lenox Parkway by a different name – they call it “Around Lenox Road” - yet the signage at the intersection indicates that the name of the street is “Lenox Parkway”). If you are coming from the west (the right side of this photo), you will want to turn to the right/to the south at this intersection. If you are coming from the east (the left side of this photo, including most guests coming from Hartsfield-Jackson International Airport), you will want to turn to the left/to the south (see photo 1).

Soon after making the turn, guests will have the option of turning to the right and driving underneath the center of the building to the motor lobby to **valet** park. Otherwise, guests who would like to **self**-park should continue driving straight on the street (see photo 2).

Guests headed to the self-parking garage will see directional signage with arrows. You should drive forward and look for additional arrows on additional signs (see photo 3).

Drivers will need to stop at the stop sign. This is a three way/all way stop. You may proceed forward, but be prepared to start making a u-turn very soon (see photo 4).

Drivers should take the dedicated right turn lane and begin their u-turn (see photo 5).

Once you are halfway into the turn, you should continue making a sharp right (see photo 6).

After making the u-turn, you should see the entrance with the word "Parking" above it (see photo 7).

When viewing this document in Microsoft Word, feel free to enlarge the photos to see more detail.

Welcome to the Westin Buckhead Atlanta!
